Press release

2CRSI joins the CAC[®] Small, CAC[®] Mid & Small and CAC[®] All-Tradable Euronext indexes

Strasbourg (France), September 18, 2018 at 06:00pm CEST - 2CRSI, manufacturer of very high-performance servers, announces its inclusion, as of September 24, in three new indexes from the Euronext CAC family: CAC[®] Small, CAC[®] Mid & Small and CAC[®] All-Tradable.

The Expert Indices Committee of Euronext took the decision in its annual review of indices on September 13, 2018. Companies are selected based on a combination of the classification of the amount of capital traded on the regulated market and the free float adjusted market capitalisation on the review cut-off date.

Alain Wilmouth, CEO and co-founder 2CRSI, said "We are very proud that 2CRSI is now included in the CAC[®] family of indexes, just a few months after our IPO on Euronext in Paris, reflecting strong interest of investors. This inclusion represents another step forward in our development as a listed company, giving us greater visibility among investors both in France and internationally."

About 2CRSI

Based in Strasbourg, and with subsidiaries in Manchester, Dubai and San Jose at the heart of America's Silicon Valley, 2CRSI specialises in the design and manufacturing of very high-performance computer servers. The Group already has more than 100 customers in 25 countries, to whom it has supplied innovative processing, storage and data transfer solutions. In 2017, the 2CRSI Group had consolidated revenue of €31m, an increase of 169%, with an EBITDA margin rate of 7.3%. It currently employs more than 130 persons.
