## Postponement of the release of 2020-21 annual results

---

**Strasbourg (France), 27 May 2021 – 2CRSi (ISIN: FR0013341781), a designer and manufacturer of high-performance, energy-efficient IT servers, announces the postponement of the release of its annual results for the fiscal year 2020-21.**

In order to await the outcome of the Blade situation with the recovery of equipment from contracts started in 2020, the Board of Directors of 2CRSi has decided to postpone its meeting for the closing of the FY2020-21 annual accounts, initially scheduled on May 31, to June 15, 2021.

As a reminder, as part of their agreement, 2CRSi and hubiC, the buyer of Blade's activities, had agreed that:

- 2CRSi would sell to hubiC its rights to the hardware supplied to Blade SAS or Blade Global Corp under contracts prior to December 31, 2019 in return for payment of €10.5 million, excl. VAT. This amount has already been received;
- hubiC would facilitate the return of the remaining equipment from the 2020 contracts, most of which is located in the United States. The recovery of this equipment, although it has begun, has not yet been completed.

As this recovery is an element taken into account in the financial statements for the 2020-21 financial year, the Board of Directors has made this decision to postpone. The Company will therefore publish its annual results on June 15, 2021 after close of trading.
