

Press Release

## **2CRSi Reaffirms Revenue Target of Over €200 Million by End of June 2025**

### **A Financial Structure Scaled to Support Ongoing Commercial Momentum Without Recourse to Capital Markets**

---

Strasbourg (France), June 12, 2025 – 2CRSi (ISIN code: FR0013341781), a leading global player in high-performance computing servers and eco-responsible technological solutions, confidently reaffirms its revenue target of over €200 million for the fiscal year ending June 30, 2025.

This objective is backed by particularly strong commercial momentum observed in recent months and the Group's proven ability to efficiently fulfill its orders. Further reinforcing this positive outlook, 2CRSi's active presence alongside its strategic partner Nvidia at the Vivatech trade show highlights fruitful interactions with clients and partners, pointing toward new commercial successes in the near future in addition to the many orders already in progress.

Following questions raised by several shareholders due to the mention of a possible capital increase in a financial media outlet, 2CRSi makes it clear that, as of today, no fundraising or market operation is necessary or planned to support this growth trajectory.

**Next announcement:** Thursday, July 24, 2025: publication of consolidated revenue as of June 30, 2025

### About 2CRSi

Founded in 2005 in Strasbourg (France), 2CRSi designs, develops, and manufactures high-performance computing servers and innovative solutions for Artificial Intelligence, high-performance computing, and data storage. Committed to a responsible and sustainable approach, the Group operates across several continents and offers highly energy-efficient technological solutions for the tech industry, manufacturing, gaming, scientific research, and datacenters. 2CRSi has been listed on the regulated Euronext market in Paris since June 2018 (ISIN Code: FR0013341781) and was transferred to Euronext Growth in November 2022.
